

Mrs Ellen Bryson - Curriculum Committee

My name is Ellen Bryson and I started as a governor in the summer of 2022. A tax professional by background, I was a senior civil servant at HMRC until April 2023, when I moved to the Chartered Institute of Taxation as their Director of Public Policy. I hope to bring to the Board some insights from the policy, strategy, chief of staff, communications and operational leadership roles I've held during my career to date. I live in Clanfield and, when I'm not away in my campervan, I can usually be found outdoors on my bike or doing some sort of watersport.
